

Drinks chart

This activity will help your child to sort, organise and interpret information in a block graph.

Collect information about what your family drinks in a day. Each time someone in your house has a drink, colour in a space in the correct column on the chart.

..... was our favourite drink. We drank cups.

..... was our least favourite drink. We only drank cups.

We drank cups of juice and cola. We drank cups of coffee and tea.

If you have time try to complete these sentences.

We drank more / fewer cups of water than tea.

We drank more / fewer cups of cola than juice.

We drank more / fewer cups of tea than coffee.
